

Safety Awards Distribution Set Next Week

**Dates And Hours Given;
22nd UCC Period Set
Record For Y-12 Plant**

More than 6,000 attractive and useful items of merchandise will be distributed to eligible Y-12ers as individual safety awards for the 22nd Union Carbide Corporation Safety Period established in the Y-12 Plant Area—the big “country store” operation being set for Tuesday, Wednesday and Thursday of next week by the Safety Department.

Period Set New Record

The 22nd UCC Safety Period resulted from a record-breaking plant mark of 5,394,077 hours of plant operations without a disabling accident and earned the awards, valued at \$10 each, for Y-12ers who participated in the award period that started December 17, 1957, through June 3, 1958.

All of the 18 articles requested by Y-12ers as individual safety awards had been received last week with the exception of the Timex watches for men and women. The Safety Department will arrange for their distribution at a later date when they are received.

As usual, the award distribution will be made at all Y-12 portals. The distribution hours will be from 2 p.m. to 5 p.m. Tuesday, October 14; from 6:30 a.m. to 8 a.m. and from 2 p.m. to 5 p.m. Wednesday, October 15; and 6:30 a.m. to 8 a.m. Thursday, October 16.

Awards for Oak Ridge National Laboratory employees in the Biology Division in the Y-12 Plant Area will be distributed from the office of Virginia White, Bldg. 9207, on Wednesday and Thursday of next week. Other ORNL employees will receive their awards.

Russian Thermoneuclear Plan Progress To Be Described

“The Status of the Russian Thermoneuclear Program” will be told in a talk to the physics seminar session of the Oak Ridge National Laboratory Physics Division at 3:15 o'clock Friday afternoon of this week, October 10. The meeting will be in the auditorium of Bldg. 4500, ORNL, and the speaker will be P. R. Bell, of the ORNL Thermoneuclear Experimental Division. Y-12ers interested in the subject are invited to attend the seminar session.

E. A. Pluhar

Y-12er R. R. Tippy And ORGDP's E. A. Pluhar Exchange Jobs In Finance And Materials

**Both Are Veteran Union Carbide Employees
With Oak Ridge Assignments Dated In 1944**

A well-known Y-12er of more than 14 years tenure in this plant and an Oak Ridge Gaseous Diffusion plant with even a few more months of Company Service swapped positions last week. The Y-12er

is R. R. Tippy, of the Finance and Materials Administration Department; and his successor is E. A. “Eddie” Pluhar.

Fire Prevention Word Spread Through Y-12

**‘Week’ Being Observed
To Eliminate Hazards**

Fire and safety coordinators from throughout the Y-12 Plant, representing all Union Carbide Nuclear Company employees, are carrying the message of Fire Prevention to every division, department and group this week as Fire Prevention Week is being observed. The observance is nationwide under proclamation of President Dwight D. Eisenhower to spur all Americans to eliminate hazards that cause fires that destroy both life and property in industrial plants and in the homes of the country.

Fire Department Helps

With Capt. E. F. Greer and Henry Krouse, of the Fire Prevention Department, assisting in the campaign, a thorough search

Continued on Page 4

FIRE AND SAFETY COORDINATORS for the Y-12 Plant Area are shown in the Y-12 Fire Department building just before their meeting last week to plan Fire Prevention Week activities. From left are Howard Hicks, ORNL Biology; Bob Helton, ORNL ANP; Henry Specht, Y-12 Mechanical Operations; E. E. Johnson, ORNL Homogeneous Reactor Technology; Al Hinton, Y-12 Alloy; E. F. Greer, Y-12 Fire Department; Bob Orrison, Y-12 Engineering; Henry Krouse, Y-12 Fire Department; John Minchey, Y-12 Maintenance; Corum Scott, Y-12 Finance and Materials; John Lund, ORNL Materials Chemistry; L. A. Stephens, Y-12 Technical; John D. Dinsmore, Y-12 Chemical; G. R. Guinn and P. J. Bertin, Y-12 Alloy; John Hamilton, ORNL Electro Nuclear Research; Leroy Vest, ORNL Thermoneuclear Research; Jim Keeton, ORNL Stable Isotopes; Arnold Tiller, Y-12 Industrial Relations. Coordinators absent were N. J. Tronolone, Y-12 Shift Superintendents and Utilities; and Jack Young and Frank Layton, ORNL Materials Chemistry.

Robert C. Olson Named Chairman Of Chest-Red Cross Drive In Y-12 Set For October 27-November 8

**Former Y-12er L. H. Barker Will Head UCNC
Campaign For Worthy Agencies In Four
Counties; Committee Will Be Appointed**

With Robert C. Olson, of the Technical Division, as Y-12 Plant Chairman, the 1958 Community Chest-Red Cross fund raising campaign will be staged in the Y-12 Plant October 27-November 8. The campaign this year will include support of worthy health, welfare and service agencies that contribute so much to the well-being of any community.

L. H. Barker, Oak Ridge National Laboratory, is Union Carbide Nuclear Company three-plant chairman for the 1958 Community Chest-Red Cross campaign. W. E. Williams, assistant to the general superintendent of industrial relations for UCNC in Oak Ridge, is Anderson County chairman for the drive. Heading the campaign for the Oak Ridge Gaseous Diffusion Plant will be A. H. Snyder and L. P. Riordan will hold a similar position at ORNL.

Y-12ers and other UCNC employees will participate in the campaign through the UCNC Central Fund Plan, established by the Company two years ago.

Agencies in four counties will benefit from the 1958 campaign, according to Chairman Williams. They are Anderson, Knox, Roane and a newcomer this year—Morgan County.

Y-12 Chairman Olson will announce campaign plans and appoint a Y-12 Plant Committee this week. The committee will consist of representatives of every division in the plant as well as of the two unions.

A dramatic presentation of “where the money goes” from the contributions to the Community Chest-Red Cross appeal will be staged in Oak Ridge Downtown October 27-November 1 when a “fair” will be presented. Exhibits of work done by the various agencies benefiting from the fund raising campaign will be given and entertainment features presented.

AICHe Vice President Speaks At Meeting Tonight

Dr. Donald L. Katz, vice president of the American Institute of Chemical Engineers, will address the Knoxville-Oak Ridge Section of the AICHe at 8 o'clock tonight, Wednesday, October 8. The meeting will be at the Knights of Columbus hall in Jefferson Circle, Oak Ridge, and Y-12 members of the section are urged to be present.

Dr. Kratz will speak on “Subterranean Gas Storage.” He is professor of chemical engineering at the University of Michigan.

Prior to the meeting, an informal dinner will be held for Dr. Katz at 6:30 o'clock at the Oak Terrace.

BAKELITE SELLS LAB.

Laboratory facilities of the Bakelite Company, Division of Union Carbide Corporation, have been sold to the Schering Corp. The 10 buildings will be used by a subsidiary of the purchasing firm. Bakelite will move its development activities to the new laboratory at Bound Brook, N.J.

Robert C. Olson

HELEN CLARK, Y-12er in Special Testing, is shown in rehearsal for her role of Mrs. Wade in "My Sister Eileen," to be given by the Oak Ridge Community Playhouse. With her is Steve Perrau, cast as The Wreck, who is disapproved by Mrs. Wade as a son-in-law.

Y-12er In Cast Of Playhouse Opening Show

Helen Clark, of the Y-12 Special Testing Department in the Technical Division, will appear as Mrs. Wade in the opening production of the season by the Oak Ridge Community Playhouse, "My Sister Eileen." The New York comedy stage hit will be presented on two successive week ends, Friday and Saturday, October 10 and 11 and Thursday, Friday and Saturday, October 16, 17 and 18, at the new Playhouse theater on Jackson Square.

The Y-12er has been a mainstay of the Playhouse group for several years in backstage activities, and this is her initial appearance before the footlights.

"My Sister Eileen" is the first of five plays to be offered by the Playhouse this season. The others scheduled are "The Grass Harp, November 21, 22, 27, 28 and 29; "Julius Caesar" January 30, 31 and February 5, 6 and 7; "Inherit The Wind" March 13, 14, 19, 20 and 21; and "The Importance of Being Ernest" April 24, 25 and 30 and May 1 and 2.

Get well wishes are extended the following Y-12 employees who were patients last week at the Oak Ridge Hospital:

L. R. Phillips, Development Operations; W. P. Bonner, Production Analysis; J. T. Adkins and M. J. Jewett, Process Maintenance; M. L. Rice, Beta Two; R. C. Jones and D. B. Blackburn, Research Services; R. E. Herrin, Harold Pomfret and J. T. Thomas, Mechanical Maintenance; D. M. Searcy, Product Processing; Edna B. Stooksbury, Electrical Maintenance; R. H. Gillespie, Production Inspection.

Wear your badge in plain sight while in the Y-12 Plant.

Behind the twanging of 76 ukeleles plunking out "On The Beach At Wakiki" your Colyum Conductor now will don his hula hoops and wiggle through the week's collection of items of interest to one and all—he hopes.

MAINTENANCE

Electrical Maintenance extends deepest sympathy to J. H. Key, whose little son was tragically killed when struck by a hit and run driver in Knoxville last week.

INDUSTRIAL RELATIONS

The Fire and Guard Department extends condolences to Guard S. H. Kesterson, whose brother, Samuel P. Kesterson, of Process Maintenance, died recently . . . Also to Guard J. George, whose father succumbed last week . . . Fireman Jerry Hastings is vacationing around home in Oak Ridge this week . . . Fireman H. L. Miller is welcomed back after his recent illness . . . That's all for the Boys In Blue and Gray, says Liz Campbell, the scribe down thataway.

SHIFT SUPERINTENDENTS AND GENERAL UTILITIES

Relief Shift Superintendent H. N. Benninghoff is entertaining his mother, in Oak Ridge from Meadville, Pa., for a two-week visit.

Utilities believes J. A. McLain will spend most of his vacation in front of his TV set watching the World Serious and rooting for (nasty word) the Yankees . . . Meanwhile K. E. Russell is industriously working around his home for a couple of weeks . . . Other vacationers, whereabouts not reported, include W. Sweeten, T. R. Lester, J. S. Wilson, F. B. Clowers and O. F. Jordan.

TECHNICAL

Special Projects' Jeri Kobisk just wig-wagged that late Injun Summer vacationers from her vicinity are Harvey Hankins and Ted Newman, dropping their fishing lines in Cherokee Lake . . . Sam Rea is understood to have canned his pipe dreams of landscaping his lot . . . Jim Warner is heading for Cincinnati before the first snow flies . . . The department is sorry to hear that Chet Borge has joined the Round Robin of Illness in the Bldg. 9212 group.

Mechanical Engineering is waxing right studios these fall days with a number of MEs enrolled in

night or day engineering courses, including Bob Chittum, R. V. McKell, Don Rose, Bob Lassiter, S. P. Koczan, George Drevik, Fred Jones, P. E. Shelley, E. C. Smith, Tom Norris, O. T. Smith and Charles Chihasz . . . Illness last week confined Russ Hensley, Helen McNew and Barbara Pullen—so greetings and get well wishes to all of 'em . . . R. T. Wyrick is on a two-week vacation with plans to mostly take it easy at home in Knoxville . . . Pat O'Brien is making 1958 an eventful year with first acquiring a baby daughter, then a new automobile and now coming up with a new home in Knoxville . . . Doyle Williams says painting is in full swing at his home in Maryville—with even his wife wielding an artistic brush.

Wanda Hawn, our talented scribe in the Laboratory Division and points nearby, is taking in the sights of California while vacationing . . . So Anne Fleenor, her capable substitute, is doing the honors this week . . .

Arthur "Shorty" Rogers, Laboratory Operations, the usual bright and affable messenger with the news from those sections, also was a vacationer last week—probably at his Knox County home with his pet tomcat, charming wife, etc. . . . Lab Ops. also reports that Anne Wenzler is vacationing over in Memphis and that Jim Parham is welcomed back after his recent illness.

Thelma Cole, Production Analysis, is somewhere in Texas on her vacation . . . Sherwood Green and Margaret Eager didn't leave their forwarding address before departing.

Special Testing checks in with news that Howard Tinnel is just staying at home in Oak Ridge for his vacation.

MECHANICAL OPERATIONS

C. F. Jervis and James Claiborne escaped from Z area (no suh, that don't stand for "zoo") on vacation without leaving forwarding addresses . . . Newcomers F. T. Beaver, R. E. Moore and M. S. Baker are welcomed into the group . . . Jim Helms also is welcomed back after a long illness.

Mavis Koons, the Colyum's agent in the Spruce Shop and TW Shop sends word that H. F. Harris is vacationing in Texas . . . J. E. Clemons is at home and so is J. R. Davis, taking in the big ball games of baseball . . . C Shift sends get

Continued on Page 4

HIGH SPOTS OF HIS VACATION in North Carolina recently were photographically recorded by H. P. Alexander, Z Area. At left—The Y-12er holds a 90-pound watermelon aloft. He found it at Tarboro, N.C. At center—"Where did that guy come from?" Maybe he got a whiff of the melon and wanted lunch served at his Smoky Mountain Park den. At right—"You don't hardly see these cigar store Injuns anymore"—but Judy, 10, daughter of the Y-12er found Chief Three Feathers a comfortable support at Cherokee. The Bulletin always is glad to publish vacation pictures made by Y-12ers—so send or bring them to Room 228, Bldg. 9704-2.

Mr. and Mrs. Harry Eugene Tate

New Screen Tours Open October 28

Conservation Club Again Sponsors Talks

The 1958-1959 season of the Audubon Screen Tour in Oak Ridge will open on Tuesday, October 28, under auspices of the Oak Ridge Conservation Club, it has been announced by Evan Means, of the Y-12 Research Services Department and chairman of the club's Screen Tour Committee.

The first film this season will be "Earthquake Lake," presented by Karl H. Maslowski. It will feature the birds, fish and wildlife around Reelfoot Lake in West Tennessee. Other films in the series will be "River of the Crystalline Bird," by Allan D. Cruickshank, Wednesday, December 3; "The Land the Glaciers Forgot," by Howard L. Orians, Thursday, January 15; "Land of Early Autumns," by Cleveland P. Grant, Wednesday, February 4; and "Little Known New Jersey," by George Regensburg, Thursday, April 9.

This will be the ninth season of the Audubon Screen Tours in Oak Ridge and the fourth under the exclusive sponsorship of the Conservation Club. The films will be presented at the Jefferson Junior High School at 7:30 p.m. on the date of the showings.

Y-12ers With 15, 10 Years Company Service

Congratulations to the following Y-12 employees who will complete 15 and 10 years of Company Service within the next few days:

15 YEARS

Katie Cole, Janitors, October 9.
Billy Cobb, Electrical Maintenance, October 11.

Lennie L. Messamore, Product Processing, October 11.

Iva B. Mitchell, Chemical, October 11.

Sanders E. Murphy, Guard, October 11.

Harold H. Neal, Guard, October 11.

Clell L. Cotter, Guard, October 11.

Willis W. Jones, Mechanical Maintenance, October 11.

Uriah L. Alspaugh, Research Services, October 11.

Ernest Zurcher, Technical Division, October 12.

Willie E. Honeycutt, Guard, October 12.

Helen J. McNew, Mechanical Engineering, October 13.

James P. Kirk, Process Maintenance, October 13.

10 YEARS

Ruben P. Wallace, Jr., General Machine Shop, October 14.

TATE-HERTHAL

Now living in San Bernardino, Cal., following their July 26 wedding in that city are Mr. and Mrs. Harry Eugene Tate. The groom is stationed at the George Air Force Base in California with the United States Air Force. He is the son of Harry J. Tate, of the Y-12 Electrical Maintenance Department, and Mrs. Tate, of 179 Tacoma Road, Oak Ridge, and a graduate of Oak Ridge High School.

The bride is the former Miss Betty Kathleen Herthel, daughter of Mrs. Betty Bangle Herthel, of San Bernardino, and graduated from high school in that city.

The ceremony was performed in the Judson Baptist Church with the Rev. Nathan Bond, pastor, officiating. Wedding music was provided by Miss Teresa Schweinfurter, vocalist; accompanied on the organ by Mrs. Mary C. Petrone.

The bride was given in marriage by her grandfather, Robert M. Bangle. For her wedding the bride wore a gown of white satin and tulle and a white fingertip veil caught in a crown of pearls. Her flowers were a bouquet of white carnations centered with a white gardenia.

Maid of honor was Miss Diana Howes, who wore a floor-length gown of pink lace and tulle and carried pink and white carnations.

Serving as best man was Sidney Nelson, of Texas. Ushers were Robert Andrews, of Maryland, and Andrew Parri, of Pennsylvania. All are stationed at the George Air Force Base.

A reception was held following the ceremony.

The couple plan a delayed wedding trip in December when the groom will be on a 30-day leave. They will visit his parents in Oak Ridge at that time.

St. Stephen's Men To Present Liturgical Play

The impressive liturgical drama, "Murder in the Cathedral," by T. S. Eliot, will be presented by the men of St. Stephen's Episcopal Church, Oak Ridge, at 8:15 p.m. Friday and Saturday, October 24 and 25; and Friday and Saturday, October 31 and November 1. The 12th Century drama will be presented in the church and Mrs. Marshall Lockhart, wife of George Lockhart, of the Y-12 Technical Division, will direct the production.

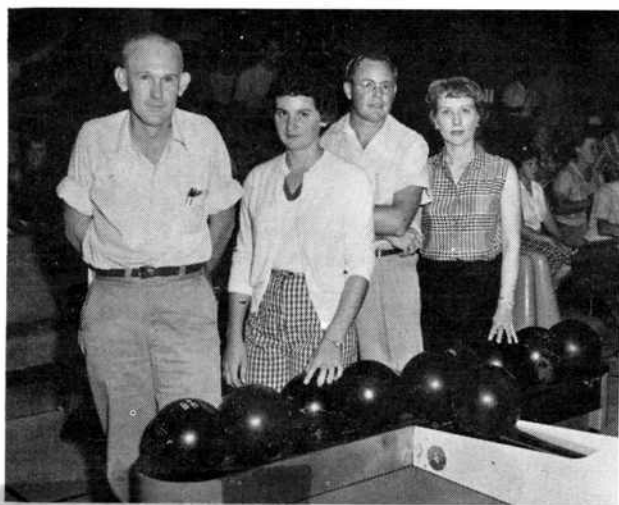

Mrs. Lockhart has been active in Oak Ridge theatrical circles for several years and reports that a number of Y-12ers are active in presenting the Eliot play. The play covers the murder in the 12th Century in an English cathedral of Thomas Beckett, archbishop of Canterbury, by knights of King Henry II, with aftermath scenes also placed in the 20th Century.

"Murder in the Cathedral" has never been presented in this part of the country, Mrs. Lockhart declares, and visitors from as far away as Nashville are expected for the occasion.

There will be no admission charge, but an offering will be taken to support mission work in Nicaragua.

The cast of around 20 persons has been selected from persons of varied faiths and denominations in Oak Ridge, the director points out.

CARELESS DRIVING
IS KID STUFF!

TWO Y-12 BOWLING TEAMS AND OFFICERS OF ANOTHER are shown above. At left are the Clippers, leaders of the Mixed League. From left are Capt. J. C. Bryan, Nell McGinnis, G. B. Anderson and Shirley

Brown. In the center are the officers of the Classic League, Ernie Cobble, vice president; Jack McLendon, president; and Charley Gillman, secretary. At right are the Sure Shots of the Evening Shift

League, J. Messengill, J. D. Kirkpatrick, Capt. E. L. Reed and G. Phillips. Y-12 bowling leaguers are off to flying start this season with interest at a record high among the contestants.

THIS GROUP OF GRIDIRONERS represent Karns High School in the football wars and all are sons of Y-12ers living in that community. The names of the fathers are used after those of the players. In the front row, from left, are Roger Asbury (W. H., Graphite Shop); Doug Stancill (W. F., Process Maintenance); Freddie Lankford (T. E., Process Maintenance); and Gary Grooms (G. A., Alloy Division). In the rear are Teddy Lankford, brother of Freddie; C. H. Noe, Jr., (C. H., Sr., Mechanical Maintenance); and Ronny Marlar (R. G., Chemical).

Fall Game Birds Now Being Freed

The Tennessee State Game and Fish Commission, Nashville, has announced that requests for food and cover plants or seed for spring plantings now are being accepted. Bicolor lespedeza, japonica and multiflora rose plants will be available, as well as some sericea lespedeza, bicolor lespedeza and partridge pea seed.

The sericea lespedeza seed will be distributed at a rate of three pounds with each 1,000 bicolor plants or two pounds with each three pounds of bicolor seeds.

Requests for these materials should be made to county agents, vocational agriculture teachers or local soil conservation service personnel. Materials now requested will be delivered during the winter in time for spring planting.

BRAZIL GETS CAR PLANT

The French Simca Motor Car Co. will make their Vedette automobile at a new plant in Horizonte, Brazil, according to news dispatches.

CARELESSNESS
IS FOR THE BIRDS!

Sure Shots Sink Do Littles Pinmen

The Sure Shots came from way down in the standings to really do the Do Littles dirt in the Evening Shift Bowling League last week, blanking the loop leaders for four points, with the victors climbing to second place. The Sooners also grabbed a whitewash triumph with the Q Balls being the victims. The King Pins conked the Night Owls for three in the other match.

H. C. Huston, King Pins, helped his team along with a 216 scratch game, boosted to 251 with handicap. D. R. Albright, Night Owls, came through with the best scratch series of the session of 526 and R. E. Gibson, Sooners, the top handicap series of 618.

The Q Balls had the best team scratch scores with a 617 game and 1711 series. The King Pins' 827 handicap game and the Sure Shots' 2273 handicap series took top rating for the session.

Team	W	L
Do Littles	8	4
Sure Shots	7	5
King Pins	6	6
Night Owls	5	7
Q Balls	5	7
Sooners	5	7

Planting Materials Requests Received

The Tennessee State Game and Fish Commission now is carrying out its fall game bird releases. About 6,500 ringneck pheasants and 8,000 Coturnix quail will be released during the fall months. Some pheasants already have been released in the Sequatchie Valley and others will be freed in suitable locations throughout the state along with the quail.

N. McGinnis Leads Clippers To First

Pin Plasters Blasted For Whitewash Victory

With Nell McGinnis firing a sizzling 219 scratch game and 524 scratch series the Clippers of the Mixed League of Y-12 men and women bowlers clopped to a four-point whitewash win over the Pin Plasters last Wednesday night at the Ark Bowling Lanes. Shirley Brown, the other feminine member of the Clippers, chipped in with a 252 handicap game and 614 handicap series to help the team's cause along as the winners had a 669 team scratch game, 1885 scratch and 2322 handicap series for tops of the night. The triumph put the Clippers alone at the top of the standings.

The Phantoms, previously tied with the Clippers for the loop lead, were clawed by the Alley Cats for three points and the Rockets rocked the Nip and Tucks by the same score. The ABCs and Scrapers broke even at two points each.

Joe Dunlap, of the Pin Plasters, did his best to turn the Clippers around by scoring most of the men's individual scoring tops with a 225 scratch game, boosted to 243 with handicap; and a 544 scratch series. Joe Beever, of the ABCs, had a 616 handicap series for best of the night.

League standing follows:

Team	W	L
Clippers	12	0
Phantoms	9	3
Nip and Tucks	8	4
Scrapers	7	5
Alley Cats	6	6
Rockets	3	9
ABCs	2	10
Pin Plasters	1	11

Beavers Take Over Bush League Lead

The Beavers blanked the Bldg. 9212 keggers in Y-12 Bush League bowling activities last week to take over sole possession of first place in the circuit. The Inspectors downed the Hi Balls by four points and three-point wins were racked up by the Lucky Five over the Bees and Snpft over the Nine Pins.

Jack Forseman, Lucky Five, paced all individual scorers with a 213 scratch and 252 handicap game, 544 scratch and 661 handicap series. His teammates got most of the team scoring honors with a 777 scratch game, 2215 scratch series and 2860 handicap series. The Snpft outfit had a 998 handicap game for tops.

League standing follows:

Team	W	L
Beavers	11	1
Bees	9	3
Lucky Five	7	5
Bldg. 9212	6	6
Snpft	5	7
Hi Balls	4	8
Inspectors	4	8
Nine Pins	2	10

THIS WHOPPER of a largemouth bass might bring his captor, G. G. Everett, Mechanical Maintenance, a good prize in the Y-12 Annual Fishing Contest. The lunger used to haunt Watts Bar Lake before it fell victim to a Dalton Special lure.

Chillers Ice Top Spot In C League

The Chillers have a freeze, temporarily at least, on first place in the C League of plant keggers with 11 points on the credit side of the ledger and only one on the other. However, in the early stages of the schedule several of the teams remain in striking distance.

In most recently reported alley activities of the loop, Herb Oliver, Murderer's Row; and J. Jago, T Squares topped the individual scorers, Oliver's scratch game of 204 and series of 555 were best of the session while Jago rolled a 288 handicap game and 665 series. Murderer's Row had the best team scratch scores of 831 game and 2447 handicap. B Shift listed 1016 handicap game and the Engineers 2906 handicap series to lead the pack.

League standing follows:

Team	W	L
Chillers	11	1
B Shift	9	3
Murderer's Row	8	4
Engineers	7	5
T Squares	7	5
Sunflowers	6	6
Daffodils	6	6
Goof Balls	5	7
Alley Cats	5	7
Dry Hides	4	8
Knot Heads	3	9
Waco's	1	11

Game, Fish Group Has Show On TV

The new 15-minute television show by the Tennessee State Game and Fish Commission will be presented over Knoxville's Station WBIR-TV, Channel 10 at 12:30 p.m. every Sunday and over Johnson City's WJHL-TV at 6 p.m. every Thursday. The series will include pictures of life cycles of some of the curious and little-known animals of Tennessee, some of the state's game animals and various adventures into the realm of nature.

URANIUM FROM AUSTRALIA

The United States has bought \$12,000,000 worth of uranium oxide from South Australia, says a recent news story from Adelaide.

Three Teams Tied For Classic Lead

Smelters, Rippers, Bumpers Deadlocked

After the timber toppling at the Ark Bowling Lanes last Thursday night by bowlers of the Classic League of Y-12 keggers, a three-way tie showed up for first place. Advancing from ties for second place to the deadlock for top spot were the Smelters, three-point winners over the Screwballs; Rippers, who downed the previously leading Sportsmen by the same score; and the Bumpers, victors over the Markers by three.

The alley activities also were featured by a four-point whitewash win by the All Stars over the Has Beens, lifting the winners from the cellar. The Wolves also posted a four-point win over the Tigers. The Wasps stung the Swingsters for three, the Rebels routed the Eight Balls by the same margin and the Cubs did likewise to the Playboys.

Sewell Brown's sizzling 256 single game scratch, boosted to 288 with handicap was tops in individual game tallying. Ed Gambill, Wolves, had the best scratch series of 571 and R. F. Knott, Wasps, the top handicap series of 667. The Swingsters had the leading team game scores of 936 and 1067 and the Wolves the high series scores of 2560 and 2937.

League standing follows:

Team	W	L
Smelters	8	4
Rippers	8	4
Bumpers	8	4
Sportsmen	7 1/2	4 1/2
Screwballs	7	5
Rebels	7	5
Wolves	7	5
Swingsters	6	6
Tigers	5	7
Has Beens	5	7
Markers	5	7
Cubs	5	7
All Stars	5	7
Wasps	4 1/2	7 1/2
Eight Balls	4	8
Playboys	4	8

C Shift Rodeo Set For October 16

C Shift fishermen will stage an all-day fishing rodeo on Thursday of next week, October 16, at Pellissippi Dock on Norris Lake. Competition will begin at 12:01 a.m. and end at 5 p.m., when judging will be held and prizes awarded for the largest fish in several different categories. A door prize also will be drawn for during the day.

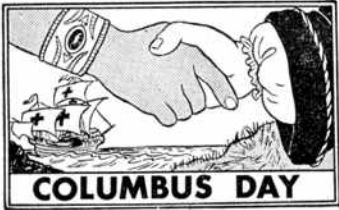

C Shift Recreation Committee-men will have tickets for sale. They include J. C. Knisely, Bldg. 9212; Chlogene Brown, Bldg. 9995; C. E. Stooksbury, Bldg. 9201-4; R. C. Smith, Bldg. 9204-2; E. W. Wilder, Bldg. 9201-5; J. C. Booher, East Portal; S. L. Ray, Bear Creek Portal; J. L. Morgan, Bldg. 9737.

Contestants will be served free sandwiches and drinks.

Shrine Dedication Marks Observance Of Columbus Day

Columbus Day observance in Oak Ridge on next Sunday, October 12, will be marked by the dedication of "Our Lady of Oak Ridge" shrine at St. Mary's Catholic Church on Oak Ridge Turnpike. The Most Rev. William L. Adrian, Bishop of Tennessee, of Nashville, will officiate at the dedication ceremonies and also will speak at a Columbus Day dinner at 6 p.m. at the Oak Terrace.

The shrine has become a familiar sight to Oak Ridgers passing St. Mary's. Situated on the slope descending from the church, the statue is of white Italian marble. It was installed last year and the surrounding ground has been landscaped and the statue illuminated by flood lights.

The shrine dedication will highlight a full program planned for Columbus Day by the Oak Ridge Council of the Knights of Columbus and other parish groups, in collaboration with the Rev. Thomas D. Woodley, pastor of St. Mary's.

Columbus Day honors Christopher Columbus who landed in the New World on October 12, 1492, setting foot ashore in the Bahama Islands and claiming them for Spain.

S. P. Kesterson Succumbs To Attack On September 28

Process Maintenance Y-12ers and many other friends in the plant were saddened by the death on Sunday, September 28, of Samuel P. Kesterson, 39, who succumbed in Chamberlain Hospital, Rockwood. A resident of Sunbright, he had been visiting relatives in Rockwood when he became ill and was rushed to the hospital.

The former Y-12er was employed May 19, 1954. He was born in Sunbright, April 23, 1919, had worked in Morgan and Roane Counties and had done some farming before coming to work in Y-12. He served in the United States Army from 1941 to 1945.

Funeral services were held Tuesday, September 30, at Pilot Mountain Church.

The department extends sympathy to survivors, including his widow, Mrs. Hazel Kesterson, five daughters, Carolyn, Virginia, Alpha, Eva and Sandra; a son, Wayne, all at home; his mother, Mrs. Margaret Kesterson, Rockwood; nine sisters and four brothers.

REDS PLAN TALLEST TOWER

According to recent newspaper stories, Moscow soon will have the world's tallest structure. A television tower 1,540 feet high will be erected in the Russian capital city.

OLD FAVORITE DISHES SET FOR SPECIAL LUNCHES

Two old favorite dishes among patrons of the 50-cent Special Lunch served at the Y-12 Cafeteria are on the menu for tomorrow, Thursday, October 9, and next Tuesday, October 14. For tomorrow the entree will be corned beef hash and next Tuesday diced ham with macaroni au gratin will be served. Each Special Lunch also includes one vegetable, choice of salad or dessert and rolls and butter.

Rides Wanted, Offered

Ride wanted from Central Ave. Pike, Inskip section, to West Portal, B Shift. O. E. Hatmaker, plant phone 7025, home phone Knoxville MY 1-2060.

Ride wanted or will join car pool from Cumberland Estates, Oak Ridge Highway, to North Portal, straight day. Glynn Angel, plant phone 7-8441, home phone Knoxville 8-3472.

Ride wanted or will join car pool from 350 Jefferson Ave., Oak Ridge, to North Portal, straight day. John H. Wyatt, plant phone 7-8520, home phone Oak Ridge, 2-1106.

Ride wanted from point on Oak Ridge-Clinton road about three miles from Oak Ridge to West Portal, straight day. T. E. Verner, plant phone 7439, home phone Clinton 181-J.

Ride wanted from vicinity of New York Ave. and Newkirk Lane, Oak Ridge, to North Portal, straight day. Dorothy Harris, plant phone 7-8361.

Ride wanted or will join car pool from Woodland section, central Oak Ridge, to West Portal, H Shift. R. C. Stone, plant phone 7221, home phone Oak Ridge 5-1523.

Ride wanted or will join car pool from vicinity St. Mary's Hospital, Knoxville, to Central Portal, A Shift. T. A. Seddon, plant phone 7074, home phone Knoxville 5-2524.

Ride wanted from Sutherland Ave., Bearden section, to Central Portal, straight day. Billie Kooch, plant phone 7794, home phone Knoxville 8-9434.

Ride wanted from Concord to Central Portal, E Group. Alta Curtis, plant phone 7608, home phone Dial Knoxville 9, then 6-4003.

Y-12 Safety Awards Distribution Is Set

Continued from Page 1
at their regularly-used portals.

All Y-12ers are urged to pick up their individual safety awards during the distribution period next week, if at all possible. However, those who do not or are unable to receive their awards next week will have until Monday, November 17, to pick them up at the Safety Department. This period of four weeks should give everyone ample opportunity to get their awards.

The awards for the 22nd UCC Safety Period are widely varied and include card table, Coleman lantern, Coleman stove, electric drill, electric percolator, electric

Dr. Lewis To Address Ridge Nuclear Society

Canadian Will Describe Unique 'NRU Reactor'

Dr. W. B. Lewis, vice president in charge of research for Atomic Energy of Canada, Limited, will address a meeting of the Oak Ridge Section of the American Nuclear Society next Tuesday night, October 14. The meeting will be at 8 o'clock in the auditorium of the Robertsville Junior High School.

One Of World's Finest

Dr. Lewis' subject will be "The NRU Reactor," in which he will describe this recently completed research reactor that is described as one of the finest in the world with many unique and interesting features.

A prominent figure in the world's nuclear energy field, Dr. Lewis is largely responsible for shaping the Canadian reactor program. He is a strong proponent of the natural uranium, heavy-water approach to economic nuclear power.

Native Of England

He was born in England and received his Ph.D. degree in physics at Cambridge University. He went to Canada in 1946 as director of the Chalk River Laboratories—the "Canadian Oak Ridge," where he now lives.

Y-12ers and the public interested in the subject are invited to attend the meeting next Tuesday.

Fire Prevention Word Spread Through Y-12

Continued from Page 1
for fire and safety hazards is being conducted throughout the Y-12 Plant Area this week. Close inspections of buildings and surrounding grounds are being made and good housekeeping is being stressed on the theory that "a cleaner plant is a safer plant in which to work."

Removal of accumulated rubbish and trash from both the inside and outside of buildings is one major move in Fire Prevention Week observance. A call to Plant Phone 7972 will bring vehicles to remove such material when it is assembled at one point outside any Y-12 building. This phase of Fire Prevention Week observance eliminates many possible causes of fire.

Other Steps Also Taken
Checks on whether flammable materials of all varieties in Y-12 are properly stored and protected also are being made—as are other steps to protect the plant and employees from fire.

The fire and safety coordinators met last week with Captains Greer and Krouse to lay final plans for details of the Fire Prevention Week observance. The coordinators and their divisions are J. W. Minchey, Maintenance; Corum Scott, Finance and Materials; John D. Dinsmore, Chemical; Bob Orison, Engineering; Arnold Tiller, Industrial Relations; N. J. Tronolone, Shift Superintendents; L. A. Stephens, Technical; Henry Specht, Mechanical Operations; G. R. Guinn, Al Hinton and P. J. Bertin, Alloy; John Lund, Jack Young and Frank Layton, Oak Ridge National Laboratory Analytical Chemistry; Howard Hicks, ORNL Biology; Bob Helton, ORNL ANP; Jim Keeton, ORNL Stable Isotope; E. E. Johnson, ORNL Homogenous Reactor Technology; John Hamilton, ORNL Electro Nuclear Research and LeRoy Vest, ORNL Thermonuclear Experimental.

toaster, ice cream freezer, knife-scissors sharpener, life vests and cushion set, pressure cooker, portable mixer, spin and casting rod, spinning reel, stainless steel tableware set, steam and dry iron, Timex watches for men and women, waffle-sandwich grill and a wheelbarrow.

well wishes to H. E. Underwood . . . D Shift does likewise to C. R. Bowman and B Shift to F. L. Hise and H. L. Householder . . . Rapid recovery wishes also are extended Mrs. E. H. Giles, who is recovering from surgery . . . Condolences are extended J. F. Chapman and family, whose nine-year-old grandson died recently in Massachusetts.

Tool Grinding and Maintenance and the entire division extends deepest sympathy to the family of Charlie F. Charpie, who died recently after a long illness . . . A. F. Smelcher is welcomed into the department from the Graphite Shop and now in charge of D Shift tool grinders . . . Also to J. I. McKinley from the same Graphite Shop who now is an inspector to tool grinders on the F Shift . . . Newcomers H. H. Camp and W. D. Burnette also are welcomed as machinists . . . B. L. Skeen is spending this week "up in Cincinnati way visiting" . . . B. E. Lunsford is taking it easy at home in Knoxville this week . . . Best recovery wishes go to C. D. Painter, G. C. Lay, J. A. Marsh, W. P. Newkirk and L. D. Johns . . . Best wishes go along with M. S. Baker, F. T. Beaver and R. E. Moore, transferred to Z Area, and likewise to D. Griffies, transferred to the Sunflower Shop.

It's hard to stop those persistent fishermen in the General Machine Shop . . . Dudley Hall is planning to try his luck this week while vacationing nearby . . . Willard C. Crawley had similar ideas last week, but no reports . . . Charley Viar is following Hall's plans . . . J. P. Dillard is visiting his son in Augusta, Ga., this week . . . Otis Rackley is spending this week at home in Oak Ridge to watch the World Series—if it goes that long . . . Willie Minge and H. N. Wright didn't announce their vacation plans before taking off this week . . . Fern West is back from a week at home in Knoxville . . . Lucille Pruitt was a recent visitor to Murfreesboro, Tenn., to visit her son and daughter, enrolled in schools there . . . Get well wishes are rushed to Tom Akers' wife, who is recovering from a serious operation . . . Rapid recovery wishes also go to the departmental sick list of last week—Bill Lowry, Buck Hale, Boyd Hobby, Hubert Allen, J. C. Chamblee, Howard Garrison, W. C. King and E. E. Burns . . . Clyde Hill reports that his son, Jimmy, has joined up with the United States Air Force and will be stationed at the Lackland Air Force Base near San Antonio, Texas.

FINANCE AND MATERIALS
Freddie Jeffers, Engineering Records, and family are taking a week off to visit relatives in Roanoke, Va., and then on to Washington to see the sights . . . Helen Ross and family spent their week of vacation visiting kin folks in Portsmouth, Va. . . Betty Rose had Mr. and Mrs. Hal T. Rose, of Washington, as recent guests.

Arthur Hopson, Materials, is spending a week of vacation at his home in the Karns Community in Knoxville County.

Didja hear about the Scotsman who was told by his doctor that his wife should have had her tonsils taken out when she was a little girl? He had the operation performed — then sent a bill to his father-in-law.

Jim Seat, now of the TEC News in Kingsport and once of this publication, sent that one along.

UCNC Educational Aid Deadline October 17

About 80 Y-12ers Enroll For Fall Term Classes

Approximately 80 Y-12ers have registered for educational courses at the University of Tennessee Evening School, the UT Graduate School and the Oak Ridge Adult Education Program Fall Term classes to be eligible for benefits of the Union Carbide Nuclear Company Educational Assistance Plan. Several other employees have signed up for instruction under correspondence institutions under the UCNC Plan.

Pearson Is Coordinator

Ralph Pearson, of the Training Department and coordinator of the UCNC Educational Assistance Plan in the Y-12 Plant, has set a deadline for Y-12ers to apply for help under the Plan for Fall term classwork.

Y-12ers to be eligible for assistance under the Plan must be salaried employees with at least six months of Company Service. Approval of applications must be obtained from divisional and departmental supervision as well as from the Y-12 Plant Superintendent. The assistance granted is 50 per cent of all expenses, including tuition, books, laboratory fees and supplies.

Prompt Action Urged

Pearson urges any Y-12er still wishing to enroll in Fall Term courses at approved institutions that will help them on their present jobs or prepare for better positions with the Company to immediately communicate with him at Bldg. 9704-2, plant phone 7751.

R. R. Tippy, Pluhar In Job Exchange

Continued from Page 1
Co., Chicago, in accounting work for several years before coming to Y-12.

Pluhar Came To Ridge In 1944
Pluhar joined Union Carbide Corporation March 1, 1939, with the Bakelite Company at Bound Brook, N. J., and before coming to Oak Ridge on January 24, 1944, was Bakelite Payroll Department Head. He is a native of Bound Brook.

Both Tippy and Pluhar are married, the Tippys living in Oak Ridge and the Pluhars in Knoxville.

C. F. Charpie Rites Held In Ohio; Died September 25

Funeral services and burial for Charles F. Charpie, 54, Y-12er in the Tool Grinding and Maintenance Department, who died Thursday, September 25, at Oak Ridge Hospital, were held in Toledo, Ohio, his former home. Mr. Charpie had been ill for several months and was in and out of Oak Ridge Hospital several times before his death.

The former Y-12er came to work in Y-12 in March, 1954, as a machinist. He was born in Indianapolis, Ind., July 30, 1904.

Fellow employees join with many other Y-12 friends in extending condolences to the family. Survivors include his widow, Mrs. Elinor Charpie; a daughter, Mrs. William Nehring, East Lake, Ohio; three sons, Kenneth E., Albuquerque, N.M., Richard B., Freeport, Ill., and Charles F., Jr., Toledo. There are 12 grandchildren.

Also surviving is an uncle, Dr. Robert Charpie, Oak Ridge National Laboratory and a former Y-12er.

TURKS SEEK INVESTMENT

According to a recent news story, Turkey is seeking a \$400,000 investment from the United States to develop the mercury industry.
